

SHREE SANATAN DHARM EDUCATION CENTRE

Date: 15.4.19

Dear Parents VIII-XII,

Regarding use of biwheelers, the following may be noted:

Permanent licence is necessary for driving a biwheeler – motorcycle, scooter which is issued only after 18 years.

Battery operated scootys do not require any licence.

However, helmet is compulsory.

Triple riding on biwheelers is an offence which is punishable. Also talking on the mobile phone while driving or listening to music.

Vehicle should be slowed down at turns.

Always look behind, right and left before turning.

Always use the indicator before turning.

Those below 18 and having a learner's licence must have a licenced driver on the pillion.

The above instructions should be followed strictly for safety on roads.

Not only do you risk your own life by breaking rules but also of others on the road.

Any student driving motorcycle and scooter below 18 years of age will have to suffer dire consequences.

I hope you will understand the seriousness of the matter and advise your ward accordingly.

(Principal)
